## SKILLS & LANGUAGES

- ☑ Communication ☑ Analytical
- ☑ Leadership ☑ Problem Solving
- ☑ Microsoft Office ☑ AutoCad
- ☑ English, Chinese and Malay (written/converse)

## ABOUT ME

A full stack web developer and fresh graduate of chemical engineering. I am a self-motivated, self-taught and positive-minded individual who tackles problem with diligence. Developed a passion in coding when I was pursuing my engineering degree and took my chances to immerse into the world of coding by joining an intensive coding bootcamp for both front end and back end web development at NEXT Academy.

## WORKING EXPERIENCE

### Engineering Trainee

Turcomp BMB Sdn Bhd 2018-2019  
Internship program at an industrial equipment & automation (IEA) business unit. Aid the senior engineers/managers in Sales & Marketing of Instrumentation & Automation Systems, along with providing process automation solution. Involves in the tender preparation & project coordination for various projects.

### Kitchen Crew and Front-of-House Service

myBurgerLab 2016-2017  
Perform food preparation in multiple aspects, including cooking and assembling. Long term serving customers and handling inquiries.

### Event Crew, Promoter, Retail Assistant

Acer, Mission, Marks & Spencer, Boost 2015-2017  
Consistently working in different short-term part-time jobs that enhanced my adaptability and communication skills.

## EXTRACURRICULUR & ACHIEVEMENT

- **Safety and Operation Coordinator (2019)** for the Monash University Internal Chem-E Car competition.
